

Here's The Real Question...

WHY SHOULD YOU PAY FOR SOMEONE ELSE'S MISTAKES?

Don't Let Your Builder Burst Your Bubble!

Are You Aware That The Builders Warranty On **Your New Home** Is About To Expire?

And Did You Know That If You Don't Notify Your Builder Now Of Any Issues The Home May Have, You Will Have Lost Your Chance To Do So Forever?

Of The "New Homes" Just Like Yours That We've Inspected Recently, Here's What We've Found:

**Electrical Hazards, Structural Problems, HVAC Problems,
Plumbing Problems, Roof Leaks and Safety Hazards!**

Why shouldn't the builder pay for the mistakes **his crew made**? **They can** if you get a "Builder's Warranty Inspection" from Mountains to Sound Home Inspection.

Hi, I'm **Brandon**, owner of Mountains to Sound Home Inspection, and we help Puget Sound homeowners **just like you** avoid costly repairs that were the result of someone else's poor work. And in many cases the homeowner wasn't even aware that the problems existed!

Now, what does all this mean to you? It means that we have the knowledge, skill and experience to conduct a complete Comprehensive Inspection on your property in order to develop the list of items that are wrong with the home, so the builder can get them fixed for you!

I want to share with you what a couple of our other clients thought about our work:

Quit looking and Hire this guy already! Brandon is simply FANTASTIC! Needed a home inspection quickly and he was very accommodating. Was on time, thoroughly explained what he was doing, what he found, and offered excellent advice. His report was detailed and very easy to read. I would highly recommend Brandon to anyone looking for a home inspection. **Brad – Sea-Tac, WA**

Brandon at Mountain to Sound Home Inspection did a great job! He was very thorough when inspecting the home and promptly provided us a detailed report. Brandon took the time to walk us through and explain his findings. If you are in need of a home inspection, I would highly recommend Mountain to Sound! **Cassy – Fife, WA**

I recently purchased my first home and used Mountains to Sound for our initial and closing inspections. Brandon was great. He was on-site before the appointed time, started work immediately, and was very thorough. The house is new construction, so while Brandon didn't find anything "wrong," he did point out a few minor things that **could have developed into potentially costly problems** later on. Also, my wife and I both ask a lot of questions, especially as new home-buyers. Brandon patiently and happily answered them all. If I'm ever in the market to inspect another house, I will definitely give MtS a call. **Michael – Seattle, WA**
