To Whom it May Concern:

It is my absolute privilege to write this letter of recommendation for Brian Fobes. Brian has served faithfully for the past three years as our Assistant Logistics Manager at Datebox, and is everything you could ask for in an employee.

During his time at Datebox, he has helped build and refine our warehouse operations from the ground up. Time and time again, Brian has proven himself capable of leading projects and teams of all sizes, while diligently stewarding his crew and responsibilities with a positive attitude. Brian's determined mindset, sacrificial nature, and willingness to learn are what truly set him apart. Brian is driven to succeed, self-motivated, and has without fail, put our company's needs above his own. In a day and age of entitlement, and looking out for one's own interests, Brian understands that when his team and company succeed, he also succeeds.

I can't overstate what an asset Brian Fobes will be, should you decide to invite him into your organization. I've included my contact information below; please don't hesitate to reach out to me at any time if you have questions or would like to discuss Brian's qualifications and character in more detail.

Sincerely,
